

Educational Administration, M.S.

Advanced study in Educational Administration provides an opportunity for individuals to prepare for leadership positions in the field of education. Degrees and/or certification are available in Principalship and Superintendent. Included in each course of study is a one-semester supervised internship at an approved public school. All GPA requirements for a master's degree apply. Admission to the master's program and certification program requires a 2.8 undergraduate GPA.

In addition to admission to the Graduate College, individuals interested in pursuing certification in Principal or Superintendent must also submit an Application of Admission to Educator Preparation-Professional Class. Applications are available via program coordinator or by contacting the Certification Coordinator located in Rhode Hall 112.

Educational Administration (no certification), M.S.
