Texas A&M University-Kingsville and its Dual Enrollment Program are committed to preparing students for academic success before they begin their collegiate journey. We will support an environment in which knowledge and skills are developed as the area high school students transition to higher education, engage in educational and co-curricular activities, and develop a skill which can be used both in and out of the classroom.

High School Dual Enrollment Admission/Criteria

The Texas A&M University-Kingsville Dual Enrollment Program allows a high school student to earn college credit(s) while fulfilling high school requirements. To be eligible, a student must meet the following criteria:

- a. The student must be classified as a high school Freshman, Sophomore, Junior or Senior.
- b. The student, with the assistance of their high school counselor, must submit a complete registration packet and complete the dual enrollment online orientation and submit their verification form.
- c. The student must meet the criteria required by the Texas Administrative Code, Title 19, Part 1, Chapter 4, Subchapter D, Rule §4.85(b). The student must achieve or exceed the minimum college readiness standards on a state approved assessment.
- d. Students must be approved by their high school counselor, higher education coordinator, and/or principal as well as their parent/guardian to enroll in courses.

Eligible high school students should first contact their high school counselor. School officials may request more information from the Dual Enrollment Office, Texas A&M-Kingsville.
