At Texas A&M University-Kingsville's Military & Veteran Resource Center, our mission is to deliver authentic customer service and reliability to our veterans, service members, and their families. We aim to optimize the educational opportunities accessible to our learners and offer our veterans a fulfilling transition from their college experience into their professional careers.

Incoming and Returning students

Students attending should inquire with the Military & Veteran Resource Center before registration to obtain needed information relative to their enrollment and certification of attendance to the Veteran Benefits Administration. All new students must provide the Military & Veteran Resource Center with all required documents for their certification set by the office and awarding agencies. Students must meet with their advisor or mentor and register in approved courses that count towards their degree progress. Degree progress is available through Degreeworks for student and office tracking and can also be found in our university's course catalog. Certifications will not include courses taken that do not appear on the student's approved degree plan, nor will they pay for courses previously taken and completed.

Request for Certification – The Request for Certification (Online) is a form that allows the student to submit their benefit request to be certified for that academic year. Students must contact the Military & Veteran Resource Center regarding any changes in their enrollment and education benefits. This request must be completed to process any certifications.

Notice for Students Using Chapter 31 and Chapter 33 Education Benefits

In compliance with the Veterans Benefits and Transition Act of 2018 (section 3679 of title 38, U.S. Code), Texas A&M University-Kingsville has implemented a policy to support students entitled to educational assistance under Chapter 31 (Veterans Readiness and Employment) or Chapter 33 (Post-9/11 GI Bill). The university allows covered individuals to attend or participate in their courses beginning on the date they provide a certificate of

eligibility (or a Statement of Benefits from VA.gov or VAF 28-1905 form for Chapter 31) and continuing until either (1) payment from the VA is made to the university, or (2) 90 days after the university certifies the student's tuition and fees upon receiving the certificate.

Texas A&M University-Kingsville will not impose penalties on covered individuals due to delays in VA funding disbursement. This includes waiving late payment fees, granting access to classes and facilities, and not requiring additional borrowing to meet financial obligations during this period. To qualify for this policy, students must be registered and have submitted a Request for Certification. This policy does not exempt covered individuals from meeting academic or administrative requirements. If you believe a penalty was incorrectly applied to your account, please contact the Military & Veteran Resource Center to have it reviewed and removed if appropriate.
